How To Destroy the Germ and End Disease.

Disease.

To cure catarrh so it won't come back you must, according to a noted authority, first drive from your body the millions of germs that are flourishing in the inner recesses of your nose and throat and are causing the disease.

There is a preparation which does this cailed Hyomei (pronounced Highorie). Hyomei is a germ kelling vaporized air formed from the purest oil of Eucalyptus combined with other healing and antiseptic ingredients. Four hreathe Hyomei through the mouth and nose by means of a little hard rubber inhaler which druggists furnish with it. Lee & Osgood and many other leading drusgists in Norwich and vicinity sell Hyomei with the positive gusrantee that it must cure catarrh or that the money paid for it will be refunded. ASTHMA SUFFERERS

MAKES BREATHING EASY.

In New England, where bronchitis, asthma and other diseases of the throat and lungs are so prevalent, some wonderfully speedy recoveries have recently been effected by the use of a treatment known as Oxidaze, first introduced by Dr. Eugene Howard, a prominent Worcester physician.

Oxidaze, which is a powerful bet highly concentrated combination of curative agents, comes compressed in a small tablet which the patient dissolves in the mouth. One of these simple and pleasant tasting tablets put in the mouth, the fore going to bed clears out all the choked up air passages, soothes the irritated bronchial tubes and enables the asthmatic sufferer to breathe easily and naturally while lyling down and to get a comfortable night's sleep. Oxidaze tablets are harmless, contain no dangerous hebitorming drugs and are not at all expensive. Lee & Osgood and many other druggists sell them and agree to refund money to any purchaser who does not obtain successful results from their use. This certainly makes their test an easy matter to all who suffer from asthma or bronchitis.

Open meeting Tuesday evening,
